5 Gallon Concentrate

General Use Directions

Broadcast over growing grass. Can be applied through irrigation injection systems or foliar applied by ground rigs. Can be applied with other products if compatible.

Always jar test before using.

For Best Results:

Apply: 1 gallon/10-20 gal mix per acre
Can be applied every 3-4 weeks and or whenever fertility is necessary.

Caution: Keep out of reach of children. Harmful if swallowed. If ingested consult a physician. Avoid prolonged contact with skin. In case of eye contact flush with plenty of water for at least 15 minutes.

Product does not contain California Proposition 65 Chemicals. Qualifies as a USDA Bio Preferred Solution.
