# **Recommended Application:**

Tara-Fe is specially formulated to be applied on lawns and turf in areas that present risks of staining concrete. When properly applied at a rate of 2-5 ounces per 1000 square feet, it will correct and prevent iron deficiencies in turf and lawns.

A jar-test to check the compatibilities of new or unfamiliar combinations should be performed prior to mixing and application.

### Handling:

Store in a well-ventilated place. Keep container tightly closed.

### First Aid:

**Inhalation:** Remove person to fresh air and keep comfortable for breathing. Call poison control or doctor if you feel unwell.

**Skin Contact:** Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs get medical attention.

**Eye Contact:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

**Ingestion:** Rinse mouth. Drink large amounts of water. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Obtain medical attention.
